President's Message

Spring is here! However, it doesn’t seem like we had winter with all the warm days keeping us teased that spring was here. With the warm weather, the lawns seem to perk up and need mowing.

The daffodils are blooming and flower beds are screaming clean me up. Most of us are out there on these warm spring days in our yards making them ready for the summer months so that we can hit the lake or take a bike ride or maybe just walking on many of the trails around Jefferson County.

However, there are the less fortunate that may be house bound or not physically able to get out in their yards and do that much needed yard work. Here is where I hope we are all able to take an afternoon and volunteer our time to helping those less fortunate have a beautiful yard that they may enjoy as well. May you all have a Happy Spring!!!!

Look for these Dog Houses around Town in Businesses!

Executive Director's Message

Independent Small Businesses are the core of our local economy that includes our retail sector, the agriculture industry surrounding our communities and the large employers in the industrial sites. Nationally, 99% of these Small Businesses employ less than 500 people accounting for 52% of all the U.S. workers.

The 2015 Oregon Legislation is in full session, which the Madras~JC Chamber is participating with the Oregon State Chamber of Commerce in monitoring activities that can impact Small Business negatively and positively. At this time, nothing has come to the floors of the Senate or House that will be a positive.

To the seriousness of many anti-business bills, a coalition of twenty Oregon industry, agricultural and small business advocates released a list of the “2015 Job Killer Bills” calling attention to the cumulative impact that the proposals will have on Oregon’s job climate and economic recovery.

The Chamber has actively voiced concerns and has taken positions on a half a dozen of many bills that pose serious implications to businesses in recovery mode coming out of the greatest recession let alone for their continuing financial health.

If you would like to have the impact summary and put on our list of the ongoing status of the “2015 Job Killer Bills” call Helen or myself with your request. If you’re so inclined, your assistance on input, advocacy of positions and have contacts that can advocate to the seriousness of many legislative bills, it can only be to the benefit to all. Give me a call at 541.475.2350 or email me at Director@MadrasChamber.com.

Metolius Train Depot History Needed

A small group has been meeting at the Metolius train depot with the desire to organize the North end of the Depot and eventually display the railroad artifacts during different events.

Currently the group is looking for those that have knowledge of train memorabilia, or just have an interest in the railroad history and want to be involved.

If interested, please call Tryna Muilenburg at 541.325.2269 or Bob Bozarth at 541.977.1446. The date for the next meeting will be Tuesday, April 7th at 5:00pm. Train and Railroad buffs are welcome!

“Chamber’s Wandering Mystery Camera Clip”…

Congratulations to Martti Rahi with PayneWest Insurance for the lucky draw of the Mystery Camera Clip in the March Newsletter. Good Luck to you in your quest of finding the Mystery Clip in this month’s issue.

The “Wandering Mystery Camera Clip” will be a picture of part of a member's business, or a place, which will be located in Jefferson County somewhere. We may or may not, give a hint each time, where the business or place is located.

Our purpose is that you are more aware of what and where our member businesses are located. When you look at the photo in the newsletter and recognize the place of business, call us with the name and location of the business or place featured. GOOD LUCK!

The first 10 caller’s names will be put in a pot & the winner will be drawn from those names for the free business card ad in next month’s Newsletter. We will announce the winner in our Weekly Email News!

Our “Wandering Mystery Camera Clip” business’ staff this month are always ready to show off their inventory to you......hmmm????

FREE Admission - donations appreciated
Metolius Spike & Rail Celebrates Railroad Heritage

From its earliest days, the City of Metolius has been influenced by the railroad and its heritage. In 1911 the railroad had made its way to Metolius and the train depot and a roundhouse were built at that time.

The train depot's interior provided living quarters for a telegrapher, separate waiting rooms for men and women, a freight room and warm room for baggage.

Within six years of the depot's installation, the City of Metolius was bustling with a population of 1,700 residents. In the 1920's, with the railway extending to the south, most of the depot operations were moved to Bend and the Metolius depot saw less activity until it completely closed in the late 1970's.

For many years, the City of Metolius hosted the annual Spike and Rail event celebrating their railroad heritage. The past celebrations included a kids pageant (crowning a king and queen), a parade, games and a dunk tank at the park, music in the park, an auction of items ranging from home-cooked pies to a semi-truck load of logs and a beef cooked in an underground pit.

After an absence of nearly twenty years, the Spike and Rail event was resurrected during Metolius' Centennial celebration in 2011 and has been celebrated every year thereafter on the second Saturday of September. Though the celebration has changed some, the railroad pride is still strong.

Recently, the celebration has included a raffle, a parade of old cars and kids on bikes, 5K walk/run, family bike ride, games and dunk tank at the park, beer garden, hamburgers and hotdogs, music and the Crooked River Ranch kid train.

While gearing up for the next Spike and Rail event, which is scheduled for September 12, 2015, the City Council and City Staff are currently investigating the possibility of having a model train club set up in the train depot during the Spike and Rail event.

April is Esophageal Cancer Awareness month.

**Esophageal Cancer:** Esophageal cancer can occur anywhere along the lining of the esophagus. It’s relatively uncommon in the United States, and the rates of esophageal cancer have been fairly stable in this country for many years. Symptoms of esophageal cancer generally do not appear until the disease is advanced. As the tumor grows, the most common symptom is difficulty swallowing. Cancer of the esophagus can also cause chest pain or burning and frequent choking on food. Because of these problems, weight loss is common. Signs of more advanced cancer include pain while swallowing, hoarseness, hiccups, pneumonia, and high calcium levels.

Cancer of the esophagus usually is diagnosed at a late stage and therefore has a poor outlook for survival. This kind of cancer can be reduced by stopping- OR NEVER STARTING- tobacco use and by moderating alcohol use. Screening endoscopy for people at high risk for this cancer can help increase early detection rates.

For more information, feel free to contact the American Cancer Society at 1-800-ACS-2345 or [www.cancer.org](http://www.cancer.org) or by contacting Lauren Olander, American Cancer Society, Community Manager, at [lauren.olander@cancer.org](mailto:lauren.olander@cancer.org) or 541-728-4378.
4th of July is Coming!
The Theme for 2015 is~~~
"Celebrating Our Freedoms"
It is time to start thinking about what you will enter
in the Parade! It is not too early to plan!

Club Director June Smit

KAH-Nee-Ta RESORT AND SPA
2015 marks the Boys & Girls Club of Warm Springs’ 6th annual “Great Futures Start Here” fundraiser. We've had a great first year operating under the Boys & Girls Clubs of Snohomish County and look forward to an exciting move to a new facility. The Confederated Tribes of Warm Springs are readying space for the club adjacent to the gymnasium at the former Warm Springs Elementary School.

The Warm Springs Boys & Girls Club is open year round after school and during summer break. This past year we averaged 45 kids a day and we have 220 members. Club operations are managed by the Snohomish organization. They also assist with grants and fundraising. The Warm Springs Tribes provide facility and utilities. Generous donations & membership fees continue to support the club as well. All funds raised go toward operations at the Club.

**DETAILS**

**Friday – April 17, 2015**

Child Abuse Prevention Month—April 2015

Child abuse is a national tragedy that takes the lives of children everyday and affects millions of children and families every year. In 1983, by Presidential Proclamation, April was declared Child Abuse Prevention Month. Each April, Child Abuse Prevention Month activities raise awareness about this problem and most importantly, about what each of us can do to help prevent the abuse and neglect of our Nation's children. The goal of child abuse prevention is to stop child abuse and neglect from happening, spare the children and their families the emotional and physical trauma and to decrease the need for costly intervention and treatment services. Everyone can do small things everyday that help children to have healthy, happy and safe lives. April is Child Abuse Prevention Month. The calendar below suggests an activity you can do each day of the month to show a child how much you care. Be creative and remember there are many other things you can do to show a child you care and to help prevent child abuse.

Sexual Assault Awareness Month

Rape, sexual assault, sexual harassment, and other forms of sexual abuse happen every day in this country.

Here are some facts:

- Every 2 minutes, another American is sexually assaulted.\(^1\)
- There is an average of 237,868 victims (age 12 or older) of rape and sexual assault each year.\(^1\)
- 1 out of every 6 American women has been the victim of an attempted or completed rape in her lifetime.\(^3\)
- 1 out of every 33 American men—have experienced an attempted or completed rape in their lifetime.\(^3\)
- Sexual assault is one of the most under-reported crimes, with 68% still being left unreported.\(^2\)
- In 2014, in Jefferson County, there were 8 adult sexual assault cases reported to law enforcement.\(^3\)
- Given the fact that 68% of sexual assault cases are not reported, we can estimate that in Jefferson County there were at least 17 unreported sexual assault cases in 2014.\(^3\)

2. National Center for Victims of Crime, Sexual Assault: Information for Victims of Sexual Assault.

Wear a Ribbon to Show That You Care...

The Blue Ribbon Story

In the Spring of 1979, a Virginia grandmother began the Blue Ribbon Campaign as a gesture to remember. This year-old stood at the cots of his mother's abusive boyfriend, knowing that time was precious. He decided to wear the blue ribbon as a symbol of the need to prevent abuse. This year, we're asking you to:

- Wear a blue ribbon for all you do to support children and families.
- Don't forget to wear a teal ribbon in support of Sexual Assault Awareness Month.

What to do if you are RAPED or SEXUALLY ASSAULTED...

- Take Care of Yourself...Remember rape is never the victim's fault even if you "made a move" (about kissing, drinking, or using drugs), even if you were drinking no one deserves to be raped. Never has the right to force sex with you without your consent.
- Get to a Safe Place...Call someone you trust who can be with you and give you support. If you want to make a police report, dial 9-1-1, using a police report to help you out of what happened to you. The police will make sure you are safe, take you to get medical care, give you the information about counseling and other services.
- Get Information...After a sexual assault you have a lot of decisions to make about getting medical care, making a police report, telling other people, and dealing with the person who raped you. It is important to make these decisions on your own, not someone else for you. You can get information about your situation by calling rape crisis centers (National Network onViolence Against Women's Hotline 866-344-7673) and on the Internet (www.vawnet.org).
- Save Physical Evidence...Do not shower, bathe, douche, wash, or brush your teeth. Save all of the clothing you were wearing at the time of the assault. Do not clean up or move anything in the area where the assault occurred.
- Get Medical Care as Soon as Possible...Although most sexual assault victims do not have serious physical injuries, it is still important to get medical care as soon as possible. You may be in shock and have injuries you are not aware of or that you cannot see.
- Rape and sexual assault put you at risk for STIs (sexually transmitted infections, such as hepatitis, gonorrhea, chlamydia, syphilis, or HIV). Many STIs can be prevented. If you can take medications as soon as possible after the assault.
- Rape may result in an unintended pregnancy. Emergency contraception (the morning after pill) can help prevent pregnancy by preventing ovulation. If pregnancy occurs, consider counseling and treatment from a reproductive health professional within 72 hours of unprotected intercourse.
- Having a medical exam is also a way to save physical evidence of the assault. Even if you don't want to make a police report, you may want to have evidence collected to keep your options open for the future. A counselor can discuss this with you.
- Go to a hospital, emergency department, or a special clinic that provides treatment for sexual assault victims. Ask a friend or family member to go with you to provide support.
- Talk to a Counselor Who is Trained to Help Rape Victims...A counselor provides a safe, confidential place where you can talk about your feelings and learn ways to cope with the effects of the assault. Even if you were raped a long time ago, it is never too late to get help.
- 

Mes de Conciencia sobre la Agresión Sexual

Violación, Asalto Sexual, Acoso Sexual, y otras formas de Abuso Sexual ocurren
todos los días en este país, en nuestro condado. Aquí hay algunos hechos:

- En el 2014, en el Condado de Jefferson, hubo 8 casos de asalto sexual hechos con menores de 15 años.
- De hecho, en el Condado de Jefferson, hubo por lo menos 17 casos de asalto sexual no reportados en el 2014.
- ¿Cómo puede ayudar a prevenir el asalto sexual? 
- 

 frente a la Violencia de genero en el Conceso de Jefferson, hay una organización de mujeres llenas de amor. 

Publicado el: Octubre 2016.
Getting to know me:

- Bachelor’s in Education
- Master’s in Education
- Married with two children
- Moved to Central Oregon in 2006

I am running for:

509J School Board, Position 4

County Sneed

It is the community I trust and confidence in the outcome of our children.

I have been an active member of the community for over 20 years.

I believe that the district needs to play a greater role in economic development.

Sara Puddy

509J School Board, Position 5

As our schools are critical to the viability of our community.

We believe that the School District needs to play a greater role in economic development.
RE-ELECT BRAD HOLLIDAY
“Strong Leadership + Tough Decision Making = Better Education for Students”

Brad Holliday
Jefferson County School 509J Board of Directors
Position #4

- I will continue to improve communication between Board, Admin, Teachers, and Community.
- I have always and will continue to put students education as my top priority.
- Proven Leadership for the last 8 years. Serving as Board chair for 3 years.
- Dedicated to keeping Classroom sizes the smallest in Central Oregon.
- Advocate for increased CTE (Career and Technical Education) opportunities including: Metals shop, Wood shop, Small Engine Repair, Welding, etc.
- Advocate for full-time Elementary Music & Strong supporter of the Arts.
- In 2011, as Board Chair, the school board worked with the CTWS Tribal Council and BIA to create the Interagency Education Agreement. As a result, the NEW K-8 Academy in Warm Springs was built.
- Worked with community leaders/members to pass the 2012 bond without raising taxes. With that, the district was able to build the Performing Arts Center and Football/Sports complex. Also, completed numerous upgrades to every building in the school district.
- Worked with community members including 509J staff to create the “Strategic Design”. In Oct. 2014, the document was adopted by the school board to help direct the school district in future decisions.

About Me:
- Married to Lisa Holliday - Teacher at Little Red Preschool/Substitute Teacher for 509J
- 3 Children that attend Jefferson County School District
- Employed by Central Oregon Seeds for the past 22 years.
- Community member since 1983
- Volunteer coach for Little League and COBO Basketball
- Bachelor of Science in Economics

- Warm Springs Girl Scouts Troop 800.
- Johnson O'Malley Committee.
- Station Manager at KWSO 91.9 FM
- Married with 2 children who attended 509-J schools.
Gustavo Rico

Candidate for Position 4
509J School Board

The goal of the Jefferson County School District is: "Uniting to Empower Culturally-Enhanced Learners to Shape the World."
In the district's strategic plan an important point is that "Diversity and voice create unity." I think it is time for me to help provide a voice for the community as a Director on the 509J School Board.

I am Gustavo Rico and I am running for school board to do my part to help achieve this goal. I moved to Central Oregon in 1983 from Guanajuato, Mexico. I lived in Culver, until the early 90's and then moved to Madras. In 1987, I applied for residency and became a U.S. Citizen in 1996. I am 48 years old, married and the father of three sons. My two older sons graduated from Madras High School and are now civil engineers. My youngest son currently attends JCMS. My wife Evangelina, is a certified childcare provider, and I have been a part of the lives of these children as well. Now, it's time for me to do more for all children.

I am an active member of the Hispanic First Baptist Church, where I have served as a deacon, treasurer and secretary. I participate in other community and school events too. I work for Bright Wood Corporation and have worked there since 1989. I have strong technical skills in wood processing. I have attended the Bright Wood University where I learned about the Bright Wood Vision and Mission and its importance in our community. I have attended leadership seminars and believe the knowledge I have gained will help me serve on the Jefferson County School Board.

Through parenting and work experiences, I have learned that a child's education starts early and that education is a life long, continuing process. I am a hard worker and I care about our kids, our community, and our future. I believe in our schools and the importance of strong educational programs! I believe in supporting our teachers and listening to parents. I want good open communication between parents, teachers and our community. We all live, learn and grow here - together.

Quality education creates a better future for our children and a better future for Jefferson County - a better future for all. I am willing to provide a new voice and a new perspective for our schools. I encourage others to do the same. Get involved, be heard. Vote!
